OBJECTIVE

Aspiring Data Science graduate from The Islamia University of Bahawalpur with a strong foundation in machine learning, statistical analysis, and data visualization. Seeking an opportunity to apply analytical, programming, and AI development skills to solve real-world problems and contribute to data-driven decision making and intelligent automation systems.

EXPERIENCE

Data Analyst | Python Developer | AI Automation

RemoteShifts (Remote, Australia-based)

Feb 2025 – Mar 2026

- Built AI-powered automation tools to streamline business workflows and reduce manual effort
- Developed Python-based data scraping systems to collect and process large-scale online data
- Designed and managed digital campaign analytics pipelines for Google Ads and TikTok campaigns
- Created and deployed an AI Call Agent for automated customer interaction and lead handling
- Performed data cleaning, transformation, and visualization using Pandas, NumPy, and Matplotlib
- Integrated APIs and built real-time automated data pipelines for scalable AI solutions

Intern - Data Science

Rivaon.ai | Bahawalpur

MAR 2024 – DEC 2024

- Performed data preprocessing and cleaning to improve model performance and accuracy
- Conducted exploratory data analysis (EDA) to extract insights and patterns from datasets
- Developed and evaluated machine learning models for predictive analytics use cases
- Assisted in AI solution development and model optimization workflows
- Used Python libraries including Pandas, NumPy, and Scikit-learn

Intern - NBP bank

National Bank of Pakistan | Bahawalpur

NOV 2023 – JAN 2024

- Managed financial data entry and record maintenance for banking operations
- Generated reports and supported data analysis for operational efficiency
- Assisted in improving customer service processes through structured data handling

EDUCATION

Bachelor in Data Science

The Islamia University of Bahawalpur

(Session) 2021 – 2025

- **Relevant Coursework:** Machine-Learning, Artificial Intelligence, Data Mining, Big Data Analytics, Database Systems, Data Visualization, Python Programming, Statistical Modeling
-

PROJECTS

- Object Detection with YOLOv5
- Portfolio Website
- Tracking Wildlife
- Ai-website-engine-mvp
- Skin-Disease-Classification-System

CERTIFICATIONS

- ***Data Analysis and Visualization with Power BI***
Issued by Microsoft via Coursera
- ***Python for Data Science, AI & Development***
Issued by IBM via Coursera
- ***Introduction to Python***
Issued by Data-Camp

HOBBIES

- 1 -AI & Automation in Cars.
- 2- Kaggle & Data Science
- 3- MLOps & Cloud.
- 4 -Startup & Business Analytics.
